wear supply co.

From Factory to Brand.

YOUR VISION. OUR MANUFACTURING. ONE RELIABLE PARTNER.

B2B APPAREL MANUFACTURING & EXPORT — WHOLESALE CATALOG

FULL-CHAIN MANUFACTURING

You Have a Problem.
We Have the System to Solve It.

Most buyers piece together a supply chain from disconnected vendors — a fabric mill here, a cut-and-sew shop there, a separate QC step, a separate freight forwarder. We control the full production chain ourselves, from yarn through to a finished, packed and exported garment.

EXPORT

YOU BRING THE REQUIREMENT. WE HANDLE THE PRODUCTION.

WHO WE ARE

A manufacturing partner — not a blank wholesaler.

Wear Supply Co. is a B2B apparel manufacturing and export partner built for premium, heavyweight, elevated streetwear and casual brands. We take full ownership of the production chain — from raw material through to a finished, exported product ready for your customer.

We work sample-first: you approve a real, physical sample before we move to bulk production, so there's no guessing what you'll receive at scale.

WHAT SETS US APART

SAMPLE-FIRST MODEL

You approve a real sample before bulk production begins — no surprises at scale.

FULL-CHAIN CONTROL

Yarn, fabric, cut-and-sew and finishing — one accountable partner, start to finish.

LOW MOQ

10 pieces per style, per color — low enough to test a concept properly.

PREMIUM FOCUS

Built for heavyweight, elevated streetwear and casual brands — not commodity blanks.

EXPORT READY

Packed and prepared for international delivery.

HOW WE BUILD

From Fabric to Finished Product.

01	**FABRIC**	Material sourced and inspected against defined weight and composition standards.
02	**CUTTING**	Panels cut to pattern with tolerance checks on every ply.
03	**SEWING**	Construction assembled by section — seams, panels, reinforcement points.
04	**PRINTING**	Screen, DTF or sublimation applied per specification.
05	**EMBROIDERY**	Digitized branding stitched to placement and density spec.
06	**FINISHING**	Trims, labels, drawcords and hardware attached.
07	**QUALITY CONTROL**	Every unit checked against the approved reference sample.
08	**PACKING**	Folded, polybagged or boxed to your distribution requirement.

TWO WAYS TO WORK WITH US

Two Ways to Build With Us

Whether you need premium blanks to build your collection or a garment developed from the ground up, we can work around your requirements.

01 — READY-TO-ORDER BLANKS

Start with our proven garment range.

Premium blank garments ready for branding, customization and resale.

AVAILABLE CATEGORIES

— Heavyweight Oversized T-Shirts
— Heavyweight Hoodies
— Sweatshirts
— Oversized Pants

IDEAL FOR

Brands looking to launch quickly, test products, build collections or customize an existing silhouette.

YOU CHOOSE

Garment → Color → Size → Branding / Finishing

02 — CUSTOM DEVELOPMENT

Start with your idea.

Develop a garment around your own specifications, references or tech pack.

WE CAN DEVELOP AROUND

— Custom GSM / weight
— Custom fit & silhouette
— Custom colors, dye & wash
— Construction & branding

IDEAL FOR

Brands that need a unique product rather than an existing blank.

YOU PROVIDE

Reference / Concept → We Develop → Sample → Approval → Production

Not sure which route fits your brand? Talk to us.

THE RANGE

The Full Blank Range.

Heavyweight sweatpants, crewnecks and tees, plus matching tracksuit sets — shown as ghost-mannequin product photography across our full core colorway range.

PRINTING & FINISHING

Whatever the Finish Requires.

From a clean custom print to heavy distressing — screen print, DTF, embroidery, tears, washes and more, all produced in-house.

SCREEN PRINTING

Multi-color placement prints, standard or oversized.

DTF / DTG

Full-color, photographic and gradient artwork.

EMBROIDERY

Digitized branding, placement and density to spec.

DISTRESSING & TEARS

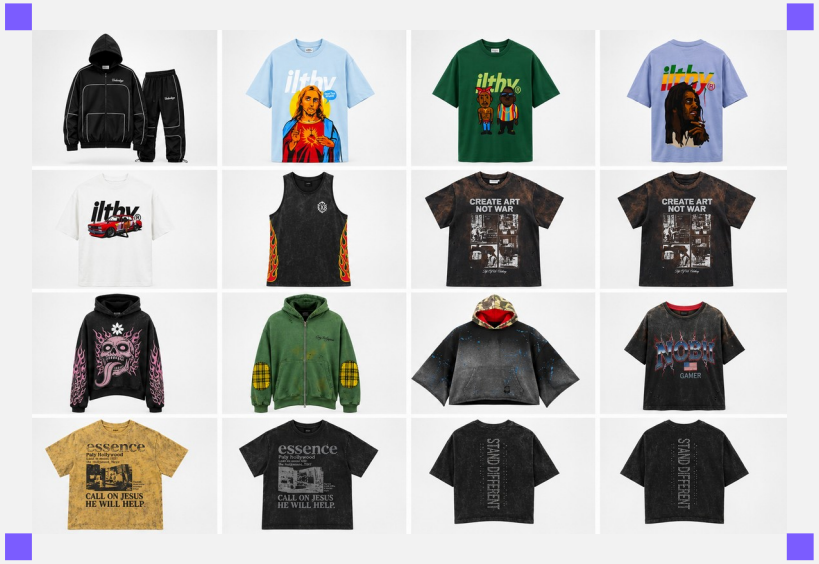

Hand or machine distressing, rips, fraying and worn finishes.

CUSTOM WASHES

Acid, enzyme, pigment and garment-dye treatments.

CUSTOM TECHNIQUES

Puff print, foil, patches and other finishes on request.

Have a technique in mind that's not listed? Ask — if it's producible, we can likely do it in-house.

BLANKS

Oversized Heavyweight Hoodie

Sizes: XS–XXXL · SKU: WSCO-HD-001 · MOQ: 10 pcs per color/style (sizes can be mixed)

WHY WORK WITH US

A partner built for long-term supply.

01	**CONSISTENCY**	Reliable production across repeat orders.
02	**QUALITY**	Materials, construction and finishing that meet defined specifications.
03	**FLEXIBILITY**	Blank products or fully customized manufacturing.
04	**SCALE**	Production designed around growing requirements.
05	**PARTNERSHIP**	A supply partner, not just another vendor.

HOW TO ORDER

From First Message to Delivery.

Two simple paths, depending on whether you're ordering our blanks or developing something custom.

FOR BLANKS

01 Select your products

02 Choose colors & quantities

03 Add branding if required

04 Confirm order

05 Production & dispatch

FOR CUSTOM PRODUCTS

01 Send your reference / concept

02 Discuss specifications

03 Development & sampling

04 Approve sample

05 Bulk production

06 Quality control & dispatch

ONE PARTNER, START TO FINISH

We control the full chain — yarn, garment, brand, export — and work sample-first so you approve a real product before bulk production begins.

You Bring the Requirement.
We Handle the Production.

Need premium blanks? Need a custom garment developed? Need a full-chain manufacturing partner? Send us your requirements — we'll take it from there.
